Submission: Objection

Comments: Although late in commenting about this planning application I am concerned about two sets of

semi detached houses been allowed to link. The Estate was built originally under planning applications to have detached and semi detached houses in the 1960's and to allow this application without serious modification would be totally contrary to the nature of the estate and would lead, possibly, to many more semi detached properties requesting similar types of development. This would then lead to a collection of terraced properties and be completely out of character.
