Submission: Objection

Comments: I firmly object to this planning application. This proposed development would be situated in a critical area of Glossop and would drastically increase traffic through peak and off peak times, causing even lengthier delays around the Dinting Primary School and Simmondley Primary School during school run times. The access to this development is also unviable during and post construction and would seriously hinder the access for the local residents around Adderley place. The proposal also takes away amenities such as walking areas for the local community, which in Glossop as a whole, seriously lacks good and useful amenities already. The proposal in no shape or form, benefits the local area or community.
