Submission: Objection

Comments: My concerns relate to access.

History

The Zion Church did not use the track for access and did not pay towards its maintenance.

Visibility getting out of the track onto Simmondley Lane is occasionally difficult if cars are parked in and around the exit.

Demolition of Zion Church and Construction of Houses

The ongoing demolition of the church is causing access problems for pedestrians on the footpath and vehicles coming to and from Adderley Place and the Scout Building.

The track is not suitable for a large number of heavy vehicles to use as access and is already showing signs of damage.

Access to and from new Houses

The new houses will significantly increase the number of vehicles using the track, which will be an issue for both footpath users and the residents of Adderley Place.

There is likely to be an increase in parking in and around the exit of the track onto Simmondley Lane, which will be an issue for both footpath users and the residents of Adderley Place.
