Submission: Objection

Comments: I will send details by post regarding objection, as I need to add original plans for 91 Primrose Lane, which originated from Primrose House, when the owners at that time decided to obtain planning permission for the front garden of Primrose House.

The plans survey the garden of Primrose house, showing levels, and comments on privacy, it also shows the level of 91 Primrose Lane.

My major concerns are the increase in natural ground levels.

The building of a pergola, within very short distance of all my rear windows and patio doors.

The overall fence heights due to the increase of NGL.

The potential of noise from my neighbors outside my bedroom windows along with potential smoke etc.

Total lack of privacy due to see through fence.

Basically, the plan is overbearing and antisocial.

I would also mention that Primrose House has developed over 50% of its outer space, with the development of Primrose Bungalow at the rear of Primrose House and the development of 91 Primrose Lane, and a large garage on the opposite side of the lane.

Plans drawings and dimensions will be supplied.
