Hi,

The below is regarding your recent enquiry uploaded onto the LSBUD.co.uk website.
If someone else has put in the enquiry using your account, then please could you let us know who we need to get in touch with or pass the information onto the correct person.

If you were after plans only then please let us know so that we can close the enquiry down.

If you are planning works then please send the below information

- Full site address including postcode
- Site plan highlighting the extent of works
- Full description of works you are planning on undertaking
- Your works start date
- Any relevant site contact details

You must not start any work until we confirm it is safe to do.

There are Cadent gas pipes in the area you're planning to work. These pipes may have an impact on your proposed work or possibly prevent your work for safety or legal reasons.

The Pipeline Safety Regulations 1996 states:

Regulation 15: "No person shall cause such damage to a pipeline as may give rise to a danger to persons";

And the Health and Safety at Work Act 1974, makes it illegal to fail to prevent safety risks to any employees and others including Cadent operatives and members of the public.

Regards

Suzanne Stait

Plant Protection Team

Cadent Gas Ltd

Mersey Road North, Failsworth, Manchester, M35 9FF.
