Submission: Neither

Comments: I am concerned about the possible lack of amenity for 154 Station Rd as the new development could further block light to this building.

There will be very little room for wheelie bins for the extra dwelling.

I am also concerned about the trees near to the development and hope these will not be damaged in the process. The building will also be overlooked by the Library and also will overlook dwellings on Railway St. Although Highways have no comments the prospect of extra cars parked in this area will increase the congestion in Hadfield.
