Submission: Objection

Comments: I do not agree with this planning application on the grounds it is ill thought through! The loss of both the Astro turf for young and adult football and health of local residents to start.

The additional traffic on Church Lane alone would be dangerous to school children and risk further damage to residents cars on that road (we no longer are looking at 1/2 cars per household but anything up-to 4 per household which is the likely result of this building application and this road alone cannot take anymore traffic with two schools, football club traffic both weekdays and weekends. The road is narrow, as is already used for parking of residents on Church Road, Church Lane, Marsh Lane and Low Leighton, for which I am sure with many more cars and lack of parking provided by the new builds, it would only be added to.

The 4 way junction at Marsh Lane and Church Lane is high risk already with a pedestrian crossing where people have been knocked over. The housing development in this location is not needed as we already have two within 1/2 mile vaccinity, Marsh Mills and a large plot already plan accepted at High Lee Road Thornsett.
