Email:

Submission: Objection

Comments: Historical shop frontage, which will be impacted by conversion to residential

Has been both commercial for printing business

High demand for shop/ commercial premises currently, against conversion into three properties

Parking issues in area currently especially will impact parking on road at night

Never to our knowledge locally advertised to let as shop/ commercial

Heavy impact existing drainage

Recommend it goes through full planning permission, especially in a conservation area

Waste bins for three properties, potentially up to 9 bins could be a issue
