Submission: Objection

Comments: Glossop and particularly this area is already at breaking point in terms of its infrastructure. The location of this proposed site is already one of the busiest roads and the addition of 100 dwellings significantly adds to this traffic issue to the main route into and out of Glossop. In addition, the proposed entrance and exit will be facing Dinting Primary school. Clearly the safety of children and parents is not being considered within this application. Its time high leak council looking at improving our traffic, roads, transport, schools, health before adding more and more houses to our increasingly crumbling infrastructure.
