

**Lighting Assessment
for
Proposed External Signage
for
BURGER KING, Glossop.**

Site Location - Unit1 Wren Nest Retail Glossop Brook Road Glossop Derbyshire SK138GN

All of the sign panels supplied at this site are internally illuminated with 6500k cool white ADM-8821-2835-3 Osram LED modules. All of which are diffusing through translucent acrylic. This produces a glow as opposed to direct illumination produced by spot/flood lights. Any ambient light will be lost in the immediate vicinity. Lighting is controlled internally on the main lighting circuit. The lighting is proposed to be on from dusk till dawn.
