Submission: Objection

Comments: I strongly object to this development. The traffic in Glossop is horrendous as it is and still these companies continue to submit housing applications. I have children who attend Dinting School and the amount of traffic on our journey to and from school is frightening. I feel this is an accident waiting to happen due to the sheer volume and size of the vehicles using this route. It is dangerous to consider adding more vehicles with a housing estate which is not needed in Glossop.

What we need is better infrastructure, more GP surgeries, more schools before we consider adding further housing to what has now become a congested building site. This application does not benefit Glossop in any way. We are losing green space and areas of nature which should surely be a priority with regards climate change.
