Submission: Objection

Comments: Traffic is horrendous as it is, there is not facilities to accommodate families that will move into these homes such as NHS doctors, dentists, schools. High Peak need to concentrate on them shocking new builds near the fire station that are not fit for dogs to live in let alone people. But you feel happy with spoiling more green areas that wildlife live in. Yet you all moan about climate change and pollution while planning on cutting trees down and putting an entrance to a housing estate across from a school that 9 times out of 10 has a queue outside. Though the mp was stopping any houses being built till the bypass was finished what a joke.
