Submission: Objection

Comments: I thoroughly object. The proposed site and access road would be an ongoing nightmare to the already very congested traffic problem in Glossop. This is directly off the main road through Glossop, inevitably this will cause huge delays in traffic flow through the area, not only during the construction but ongoing afterwards. We do NOT need any more housing, at least not until there are some solutions the traffic problems we already have and/or investment in the infrastructure of our town. If we have to have more houses why not choose a site on the outskirts of town which will have far less impact on the traffic e.g. fields behind pyegrove/queens drive?
