Submission: Objection

Comments: I object to this planning on the grounds of road safety. The A57 at Dinting school is already an area that suffers with congestion and has high levels of pollution. School children from both primary school and high school travel along this section of road and at peak times this can be quite unsafe.

Additionally, if the spur road goes ahead it is predicted that the traffic through this area will increase by up to 40% on top of what is a bottle next.

School places are limited in the local schools, where will the additional families send children? The GP surgery is also at capacity, the town has not got the infrastructure for any more housing.
