Submission: Objection

Comments: I strongly object to the building of houses on the land at dinting vale / adderley place . The amount of traffic we get on the A57 and Simmondley lane would be greatly increased in an area that already has traffic problems, add to that the disruption of building works on roads not meant for the kind of traffic already using them , it would be a nightmare for anyone living in the surrounding area not least the residents nearby and the through traffic going into Yorkshire. The school I Simmondley is oversubscribed as it is and could not cope with the addition of more local children. The access for this proposed new development off the A57 is not practical or even doable as we already have queuing traffic at school time at this point due to the lack of parking at Dinting junior school causing a narrowing of the A57 by the cars parked up at school closing time , how are we supposed to put up with more chaos with roadworks and building works plus more residents? Glossop infrastructure needs addressing before more houses are built on this land .
