Submission: Objection

Comments: I believe the planned development would have an impact on the Area of simmondley in many different ways. The infrastructure in Glossop is not big enough for this many planned houses, doctors space can take weeks to get an appointment already, schools- where will children from 100 more houses go to school as already in the local schools there are 30 in a class and the sizes of of school are just not big enough.and leisure facilities in Glossop are already poor.

This will massively increase traffic on already congested roads in the area and would put the safety of children in the area at risk from the amount of vehicles 100 houses would bring to the road network of Glossop.
