Submission: Objection

Comments: I object as this is the last remaining green space in Simmondley. It is already impossible to get in and out of both Simmondley and Glossop due to the volume of traffic in the area. I already queue to get to work and back without even more traffic on our poorly kept roads! Simmondley lane is already always blocked by double parking and it is not wide enough for increased traffic. It is already unsafe for our children to cross the roads, especially due to the huge amount of congestion already around the coop. The traffic congestion will also cause further pollution in this area. There are not enough school, doctor or dentist places/availability already in this area. All of these issues will have direct negative impact on the residents of Simmondley which is unacceptable. We already have very little support from the local authority considering the huge amount we pay for council tax and to have further strain on this will not be tolerated e.g. our roads are already full of potholes and leaks, we never get our roads cleared when it snows and there is no longer a public transport system in Simmondley that can be used by the residents (hardly any buses). Stop building in Simmondley and Glossop.
