Submission: Objection

Comments: I strongly object to the planning of 100 houses to be built with access from the main road. The area is grossly over populated already with no where near enough facilities, not to mention the over crowded roads. Access from the main road opposite the school will cause even more chaos in around rush hours and would be exactly the same if access were from Simmondley lane. The site is also one of the only spaces in an area densely populated with houses that allows for any kind of wild life or nature to have a home. I can't see any benefit for the community whatsoever as these homes will be unaffordable to most people and cause nothing but a negative impact for current residents.
