Submission: Objection

Comments: As a resident for almost 10 years at dinting vale I firmly object to this proposal of 100 House being built on some of the last green space in the area. Dinting is already overcome by huge amounts of traffic constantly streaming through and backed up for miles, over crowded schools where year groups are forced to classroom share and over run doctors surgery's. 100 houses will bring minimum off 200+ people to the area who will also need medical care, dentists and schools putting pressure on the already overstretched struggling systems we have now Plus a large increase in traffic. Putting a road leading onto dinting vale will also be dangerous to the large volume of school children using this route morning and afternoon. There's a huge amount of wildlife living in the woodlands including deer owls and bats who will loose there homes and probably there lives when there dwellings are destroyed! I have struggled to see a single positive in this proposal and haven't spoken to a single person who thinks this illogical and destructive plan will benefit our community at all.
