Submission: Objection

Comments: Building in this area will destroy yet more wildlife in the area. It will also cause problems on the a57 where the access point is planned. Getting in and out of Glossop is already a problem without adding more to it. The building at gamesley Roneo Vickers site is causing problems on a weekly basis and this is nothing to the problems that building in this proposed area will cause. There is also the issue that if they are built there will not be any affordable housing included which I thought was supposed to be included with any new builds in the area. Glossop does not have the facility's, eg drs, dentists, schools etc to deal with the influx of new houses that are being thrown up everywhere in the area either
