Comments: Myself and my Parents live on Dinting Vale. The traffic is already horrendous at various times of the day along Dinting Vale not just at rush hours. I cannot understand why you would allow a new housing development in this area to bring more traffic to the already horrendous road and more pollution for the children at dinting school and residents living in Dinting and surrounding areas. There is no need for this amount of houses in this area and it is not fair for local residents to put up with the building noise and disruption to the roads because of the building in an area that is already a very stressful place due to the horrendous traffic along Dinting Vale the A57. It increases risk of accidents with more cars coming onto the main road and children walking to school. It is absolutely ludicrous to allow this development to happen in this area. Work should be done on the current access routes and roads in and out of Glossop to help ease the traffic not make it a lot worse. Glossop's roads cannot cope with the amount of houses that are due to be built and the town is going to be ruined. People with not want to come to Glossop due to the worsening traffic and house prices will devalue. Also, there is no spaces in Dinting school so where would the children attend? Thank you for reading my comments.
