Submission: Objection

Comments: If possible I would like to add to my previous comment regarding my objections, I would also like to add that while being in our home for over twenty years there have already been several car incidents on the main road, luckily no children at the primary school were involved. I am really concerned with the added cars due to the housing development and where the entrance to the new road will be this may result in possibly more car incidents which could be dangerous for school children/parents. I'm also concerned for my son with this in mind.
