Submission: Objection

Comments: This build will be majorly disruptive to local residents, not only will it add greatly to pollution levels beside Dinting school but it will bring more cars to the A road that is already constantly jammed with traffic all the time. The towns and villages simply don't have the infrastructure for these new builds, doctors, dentists and schools are all already over subscribed. Homes are being rammed onto any available land with complete disregard to nature and the residents and the added point that none of these homes will be affordable effectively pricing out the local people is an insult.
