Submission: Objection

Comments: I strongly oppose the proposed development, the traffic on the A57 as any local resident knows is a nightmare, to add any more traffic volume, and an access road which will come out at a Primary school, I would consider irresponsible.

Access around Simmondley is already challenging, to add more traffic volume would only make it worse.

I do not believe that current infrastructure is meeting the needs of the people of Glossop, so major investment needs to be made first in these areas.

The loss of green space, wildlife habitat and the opportunity to enjoy it, will be detrimental to the local people.
