Glossop

I strongly object to the planning application and sincerely hope you will consider the affects it will have on our already congested traffic situation in Glossop and surrounds. The extra pollution this will cause is unthinkable. Of course, the properties you are proposing to build, will more than likely have 2 or more vehicles per household. Have you considered the health risks to our children, whose school is in the vicinity and the surrounding residents?

Perhaps you should also consider the fact that we have important archaeological remains within the proximity and the very possible risk of damage and potention flooding. I,therefore, urge you not go ahead with the above proposal.

One of many very concerned residents.
