Comments: The traffic coming into and out off glossop is a major problem, this development of houses would add more stress on our roads the traffic around dinting and simmondly is unbearable most days. The local shops, schools, doctors, parking and transport systems would suffer, people live in glossop due to the greenery and quiet surroundings. The additional development would add to a very over stretched community in glossop and would put more pressure on the surrounding roads. I am apposed to this development it's just a money making thing and adds no real advantage to a council that can't keep up with the maintenance and security of our town now.
