Submission: Objection Comments

I object to the application on the grounds of loss of natural habitat for the wildlife in the area. Also the number of houses can not be supported by the current lack of infrastructure in the town, the added vehicles will cause further grid lock entering onto a very busy A road opposite a primary school entrance where only street parking available to parents. Current schools, NHS dentists and doctors are at capacity.

The council really also needs to provide housing that the younger generation can afford, 1/2 bed starter flats. No excuse to say financially unviable to include.

Need to protect areas long term, what will happen to the wild deer and other natural habitat areas and wild vegetation in this area?
