Submission: Objection

Comments: I live in a village close to the proposed site and agree with others - the current infrastructure, roads, healthcare, dentists, schools etc are unable to support further developments in this area. The traffic on Dinting Vale is already a problem with gridlock at school drop off and pick up as well as early morning and early evening. In addition, the proposed site is home to a large variety of wildlife, their space is already decreasing with other developments in and around the area. I strongly object to the proposals.
