Subject: Re: HPK/2022/0356

Dear Mr Stannard

Our Ref: 414025
Your Ref: HPK/2022/0356

Water quality/nutrient neutrality advice

This proposal potentially affects European Sites vulnerable to nutrient impacts. Please refer to Natural England's overarching advice dated 16th March 2022 and sent to all relevant Local Planning Authorities.

When consulting Natural England on proposals with the potential to affect water quality resulting in nutrient impacts on European Sites please ensure that a Habitats Regulations Assessment is included which has been informed by the Nutrient Neutrality Methodology (provided within our overarching advice letter). Without this information Natural England will not be in a position to comment on the significance of the impacts. For large scale developments, Natural England may provide advice on a cost recovery basis through our [Discretionary advice service](#).

All queries in relation to the application of this methodology to specific applications or development of strategic solutions will be treated as pre-application advice and therefore subject to chargeable services.

Yours sincerely

Joanne Widgery
