Submission: Objection

Comments: I would like to oppose the application for a further 100 new homes on this site in Glossop. As a resident of Glossop for over 20 years I feel that these new developments are taking place without due consideration for the impact on existing dwellings, services and infrastructure. Local roads are now unsafe due to the lack of due diligence and I would suggest that no future developments are approved as the town cannot sustain it. At some point the council has to meet its obligations to existing residents. In addition, visitors come to Glossop for the traditional Glossop and by selling off all the green space this will significantly impact on the tourist industry.
