Submission: Objection

Comments: I strongly object to this planning application. 100 houses will have significant impact on the surrounding area and residents. The access to the site from the A57 is going to add to the congestion that we already experience in Glossop and have a significant impact on the safety for the school children attending Dinting school. There is already difficulty in being able to see a Doctor and Dentist, but the increase in housing is going to put a strain on the already decreased numbers of the Police and the Fire Service and NHS services.

The proposed site is a haven for wildlife and a wonderful last remaining green space for local residents to use. It was proven in lockdown how valuable green spaces were for peoples mental health

The councils own tree survey even objects to the planning application for the effect on the woodland and the on going problems that will arise from the new properties.
