Submission: Objection

Comments: This development proposes to link onto one of the most congested roads in the County and it's siting is also at the expense of one of the things that makes this areas special; our green spaces. This urbanisation will undermine the very reason people chose to live in Glossop - it is likely to encourage migration to the area rather than support the needs of families already resident in the area. This will place a further drain on already stretched services and the development is not in the community interest at all.
