Submission: Objection

Comments: This planning has not taken into account the local infrastructure. Doctors, dentists, schools etc. The roads simply cannot hold more traffic, the building of such a number of houses will cause major disruption to the local area and also increase traffic obstructions coming into Glossop and leaving the town. This causes issues for people who commute but also just getting around the area.

On a green issue the green spaces around Glossop are disappearing causing problems for wildlife and I'm sure that surveys are necessary before any agreement is reached. There are many areas in Glossop that would be more suitable to build on but we need better roads and more GPs before this happens.
