Submission: Objection

Comments: I object to this planning application. This is a mere gateway application for more housing in the future. There are already two campsites within close proximity to this application. The proposal is on a private road which won't be fit for purpose which is utilised by many dog walkers, horse riders and residents that live on the road and within close proximity to a high school. The current land owners have already applied and had their application denied. I have seen wild rabbits on this land. It should remain for agricultural use only.
