Submission: Objection

Comments: I have lived in Simmondley now for over 20 years and over the years great deal of change has occurred within High Peak. Whilst the area has increased in population this has not kept pace with infrastructure, lack of quality road, schools, doctors, dentists all to the detriment of the locals.

To add a further 100 houses would only increase this burden due to traffic on the roads which is already overcrowded not to mention the safety of the school children directly opposite the proposed entrance. Not to mention the devastating effect on the wildlife and their habitat
