Submission: Objection

Comments: I object to this application. Apart from the fact that a substantial amount of green space will be lost thereby affecting wildlife, the towns infrastructure is currently insufficient to cope with significantly more people. Traffic is already at an all time high and during peak times can take up to an hour just to get out of Glossop. It should also be noted that several housing developments are already in progress and there are a number still unsold, maybe the council should consider this before the decision is finalised.
