Submission: Objection

Comments: I object to this proposal due to the lack of decent infrastructure in the local area, the traffic pollution alone produced by the additional drivers survey would impact the locality. The loss of green space for wildlife, ranging from near endangered species. The risk of dangerous driving and the proposed entrance onto the dinting vale opposite the school. Also, the use of an adopted road/public pathway in the plans.

The lack of affords housing is also an issue with the living crisis!
