Comments: I would just like to say that I have lived in Glossop for the 40 years,I am aware that green spaces are few and far between but if we need more houses then we need more built.When I was little I remember that on both sides of Simmondley there were green fields,I remember this clearly because we used to go walking through them and on to charlesworth.I would just like to point out that all those people who have objected to this proposal a lot of you either live in a fairly New build house off Simmondley New Road or you live in a fairly New build house of Simmondley Lane ie The Fox Lea Estate and surrounding houses,did you at any point think about the fact that when you decided to buy your house that it had been built on green fields NO I BET YOU DIDN'T!!!!!!please don't complain about the traffic congestion because you are all part of that problem .
