Submission: Objection

Comments: I strongly object to these plans.

The infrastructure of Glossop is stretched as it is. There are not enough drs, dentists and schools for the area . They are stretched to the limit as it is.

The traffic situation is diabolical at the moment as it is. The idea of the access road to the A57 opposite the school is just not workable and dangerous.

These plans will affect the wild life; there

are four deer there ; two being born this year. Glossop is losing lots of our green

spaces which are disappearing so fast. The whole idea of using this land for houses is not workable at all . I hope the council and other people in authority let common sense prevail and reject these plans.

I hope these plans are rejected and that the residents nearby

can look forward to enjoying the benefit of having this green space being left alone for all the wildlife to live

to live there in peace and the scout hut can be utilised without the traffic that would be generated by this estate . I look forward to a satisfactory conclusion to this objection.
