Email

Submission: Objection

Comments: Can;t help this application is a means to an end ie to build more houses. Chapel already has campsites so why need another one! The access road is private and is single track it would become a danger for walkers with it being a popular walk for local people! Local residents have already had issues with the 'illegal' campsite at the same location last year with loud music well after the time watershed! Placing this next to a secondary school is also a distraction to pupils and is out of order! Chapels green belts have had far too many new houses built on them already ruining this once quiet and idyllic town! Why should local people suffer upset and anxiety just so someone whose not local can line their pockets yet again!
