Submission: Objection

Comments: I wish to make an objection to this planning application because of the below issues:

The impact of 100 non affordable houses to local people with probably 2 cars per household is going to greatly increase the traffic flow on an already over burdened road system.

The impact on local services which is already stretched.

Effects on the jobs market in and around the area.

The environmental issue on loosing yet another green space in the Glossop area. The loss of natural habitat and wildlife would be a great loss to the existing residents of Simmondley as this area is used extensively by walkers and dogs walkers.

Not to mention the disruption of a building site with access onto the main road out of Glossop.
