Submission: Objection

Comments: Access to the site being so close to a primary school is dangerous and will add chaotic scenes to what is already a very busy road.

Local education for primary and secondary cannot accept any more intake.

Local health services cannot take any more patients.

The whole of the local infrastructure of Glossop cannot take any further housing development.

The building company is not submitting enough funding to the local area in line with regulations.

The site is a beautiful natural oasis for trees, shrubs, birds, wildlife and animals, including deer, foxes, bats and birds.

I honestly think it would be an absolute disgrace if this planning was to be approved.
