Dear High Peak Borough Council,

Proposal: Derbyshire County Council (DCC) is developing the White Peak Loop (WPL), a visionary circular route of 54 miles (86km) around the Derbyshire Peak District to provide a predominantly traffic-free cycling and walking trail which will accommodate horse riding wherever possible. When complete the WPL will connect three of our most popular trails: Monsal, Tissington and High Peak, with the towns of Buxton, Bakewell and Matlock / Matlock Bath, as well as links to wider connecting multi-user routes across the County and local railway stations.

The route is being developed as part of Derbyshire's Key Cycle Network (KCN) which was approved by Cabinet back in January 2020. The KCN offers significant potential to effect modal shift in line with 'Hierarchy of Travel' methodology and complements the ambitions of key stakeholders, including the Peak District National Park Authority, as part of a regional, holistic regeneration programme ultimately contributing to good growth and sustainable tourism in the area.

Location: End of the Monsal Trail and Buxton via Wye Dale and Woo Dale

Applicant: Derbyshire County Council

Application Code: ED1/1122/45

I consulted you on 3 November 2022 regarding the above planning application. The missing appendices have now been added, details of which can be found at the following address:
