Submission: Objection

Comments: I object to this application for a number of reasons.

This is the last piece of green land in Simmondley. We cannot afford for more natural beauty to disappear.

Traffic through this area on the main road is already gridlocked. Having one access road to the new houses will cause even more congestion issues.

Parking in the area is also problematic, especially during school drop-offs, children will be subjected to more pollution & increased risk of road accidents.

Glossop simply cannot cope with more developments like this.
