Submission: Objection

Comments: This is not an appropriate area for a glamping site. Bank Hall Drive is a private road (not public as is stated in the application) with access for agricultural purposes. It is single track with no footpath.

There are safeguarding issues due to the proximity to Chapel High School.

Wildlife. It is stated that Brown Hare are not present but they are present in the vicinity. It is also very close to the area used by ground nesting birds ie Lapwing and Curlews. Our wildlife needs protecting not destroying and it is time the planners took more responsibility.

There is already a camp site across the lane with access from Station Road and one at Owlgreave Farm, a third one is not necessary.

No mention of refuse, the last application stated refuse was going to be collected from the site but they must have now realised that is not possible.

The applicant showed a disregard for the planners when they previously sited shepherds huts on the field and let them out.

The fields need to remain agricultural.

I strongly object to this application.
