Submission: Objection

Comments: It's ridiculous the number of times that planning permission has been sought for this site. It is situated on a Lane that has single lane access only with no passing places and is unsuitable for anything other than cars. Current residents have to bring bagged refuse down to the entrance of Bank Hall Drive for refuse collection. How would waste disposal lorries manage? Noise from the site would affect so many local residents, as will the extra traffic. It's time that development of this site was stopped altogether. It is totally unsuitable for any kind of development and this application is just an underhand way of trying to facilitate further housing development in the future.
