Submission: Objection

Comments: I object to this planning application due to its location so close to the school which could cause safeguarding issues.

The road leading to the site it single track with no passing points and is popular with walkers and to add additional vehicles to the road would be dangerous.

We have lost significant green spaces around the site for housing.

There is already sufficient camp and glamping sites locally, and I do not trust the applicant to comply with any planning conditions and I am confident they would look to add to the site with housing in the future. We have had enough development locally without adding to our this further.
