Submission: Objection

Comments: The proposal is described as land off Long Lane but the site is not actually bounded by Long Lane . It is land off Bank Hall Drive which is a private road for residents; access.

Another campsite is not needed.

Access to the site is along a very well used footpath and a private road.

This is a substantial development which proposes to have structures such as covered parking spaces on what is currently a greenfield.

There is a nature space close by and there are regularly bats around the railway bridge next to the field.
