Planning Applications

PO Box 136

Buxton

SK17 1AQ

Dear Sir/Madam

Ref HPK/2022/0523

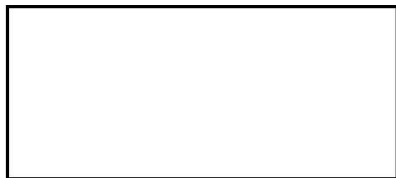

4/1/2023

Whilst not objecting to this application I would take the opportunity to alert the council to the extreme roadway danger created by parked cars in the carriageway and cars traveling at high speed along the 'Corbar road / Lansdowne Road shortcut.

Probably legal but very inconsiderate parking forces travelling cars into the 'wrong' half of the road from 13 Lascelles Road to between us at 4 Lansdowne and our neighbours in number 6.

I would urge those who can to make this complex junction of bends and side roads safe by going for double yellow lines throughout this zone. That way the additional egress from this new property and from a string of new houses on Lascelles Road will be rendered far safer.

Best regards

Dr. Alan McMurdo
