Submission: Objection

Comments: As a school we have concerns with the planned works. We already have significant traffic congestion around school on Swallow House Lane with just cars. This has involved regular communication with the local PCSO's to support us in dealing with this daily challenge. We also have concerns about the extremely narrow roads outside and around school that are used as 'footpaths' by children and families at drop off and pick up times. Additional larger vehicles and volumes of traffic increase the risk to our children on this dark and narrow road.
